Tallahassee, Florida 32301

Dear Commissioner Turlington:

As you are aware, the Legislature recently included in proviso language relating to the community colleges, a requirement for a study of the education programs provided for the State correctional system.

Please accept this letter as an offer by me and anyone in this Department to assist as needed in this task. I have asked Bob Thomas, Chief of Education Services, Department of Corrections, to represent us. He will, in turn, contact other staff as needed.

Your continuing support of programs in this Department is appreciated.

Sincerely,

LOUIE L. WAINWRIGHT

FROM: Ralph D. Turlington

SUBJECT: Department of Education's Study of the Educational Programs Provided for the State Correctional System

The 1982 General Appropriations Act, Chapter 82-215, directs that the Department of Education, with consultation from the Department of Corrections and the Legislature, shall conduct a study of the educational programs provided for the State Correctional System. Your involvement in developing a study to be submitted to the Legislature on January 1, 1983 will be vital to the process of addressing important issues spelled out in the attached Proviso language.

As a result of discussions which have taken place among our respective staff members, appropriate people have been identified to help with this study. Therefore, I am requesting that the following individuals be designated to serve on the Department's Educational Programs for the State Correctional System Study Group.

Division of Public Schools	- Philip Rountree
Division of Community Colleges	- Stafford Thompson, Lew Wagar, Iven Lamb, Jr.
Vocational Education	- Benjamin Powell, Talmadge Rushing
State University System	- Bruce Mitchell

I would hope that other members of your staff would also be made available as needed. Mr. Louie L. Wainwright, Secretary of the Florida Department of Corrections, has designated Mr. Bob Thomas, his Chief of Education Services, to serve on this Study Group.

I am designating Dr. Jack Tebo to serve as chairman and to act as the focal contact in the Department of Education. Mrs. Shirley Mabe will be his principal assistant.

The initial meeting of this group will be held at 9:00 a.m. on Tuesday, July 27, 1982, in the Conference Room, 1702 Capitol Building. Please have the designated member of your staff call Dr. Tebo or Mrs. Mabe at 488-5030 to confirm acceptance of this assignment and attendance at the meeting.

Copies of this memorandum are being sent to key individuals representing the Department of Corrections, the Legislature, and the Governor's office who will be working closely with us in conducting this study, any of whom should feel free to attend the July 27 meeting.

Thank you for your help with this very important project.

Dear Louie:

Many thanks for your letter of June 16, 1982, in which you have designated Bob Thomas, Chief of Education Services, Department of Corrections, to serve on the Educational Programs for the State Correctional System Study Group. I am pleased to have Mr. Thomas participate in this important task by serving as a member of the study group.

I am attaching a copy of a memorandum which I have sent to the Department of Education Division Directors announcing the names of the Department of Education persons selected for membership on this study group. The initial meeting time and location are also indicated. I would be pleased if you would make the contents of the attached memorandum available to Mr. Thomas.

I greatly appreciate your making other staff available as needed to assist Mr. Thomas. Similar staff support in the Department of Education will also be made available.

Thank you again for your support and cooperation.

Sincerely,

Ralph D. Turlington

[1] Approved by the Board of Regents November 30, 1979

[2] The University of Florida and Florida State University are responsible for providing programs and services on their respective campuses and in their local communities. Further, they are responsible for providing, on a statewide basis, such programs and services which cannot be provided by the other State University System institutions. The activities of the cooperative extension service are the responsibility of the Institute of Food and Agricultural Sciences of the University of Florida without regard to the geographical area in which those activities occur.

CORRECTIONAL EDUCATION STUDY GROUP

COMMITTEE REPORT

EVALUATION OF ASSESSMENT OF INMATE NEEDS

Characteristics of Tests Used in Educational Evaluation of Inmates

I. General. Tests are used to ascertain the levels of inmate intelligence and education, to determine their aptitudes, interests and opinions, and to classify them on the basis of needs and desires.

II. Standardized Tests Used.

A. The Revised Beta Examination is designed to measure the general intellectual ability of persons who are relatively illiterate or non-English speaking, or suspected of having language difficulties. It may also be used as a non-verbal measure for members of the general population. The examination yields an overall estimate of ability which can be expressed either as an IQ or as a percentile. The battery consists of six tests and requires approximately 30 minutes to administer.

B. Test of Adult Basic Education. This is a series of adult achievement tests in reading, language and mathematics. It is available in easy, medium and difficult versions. It is a locator test that is easy to administer, can be scored quickly, and provides achievement scores in the form of grade levels. The series used is the 1976 edition which was developed as an updated derivative of the 1957 California Achievement Tests.

C. Wide Range Achievement Test. This test provides a rough indication of educational achievement in spelling, word reading and mathematics. It is a quick method of estimating the examinee's general level of ability and educational background.

D. Wide Range Interest-Opinion Test. This test provides scores in 25 separate areas. Eighteen scores are related to occupational interests over a broad spectrum of job areas. The other seven scores indicate attitudes about vocational preferences.

E. Minnesota Multiphasic Personality Inventory. This test is oriented towards abnormal, rather than normal, groups and is

designed to differentiate between them. There seems to be some doubt that it does this very effectively. It is rather lengthy for use as a screening test. The profile based on the separate scale scores provides a good deal of material for interpretation by a qualified psychologist.

F. Talent Assessment Profile. This series of ten action oriented tests is designed to measure the individual's aptitudes in areas related to career selection. This is a relatively new test.

III. Non-standardized Tests Used. A sentence completion test, derived from combining elements of several standardized sentence completion tests, is used to discover attitudes and interests of the inmates. Since the test is not standardized, interpretation is subjective, and should only be attempted by a trained psychologist.

EVALUATION INSTRUMENT
CORRECTIONAL EDUCATION ACTIVITIES

I. PHILOSOPHY AND PURPOSE OF INSTITUTIONAL EDUCATION PROGRAMS

A. The Education Department of the institution has a written statement of philosophy and purpose which expresses the beliefs, concepts, and attitudes of that department as to why it was established and continues to operate.

B. Review and re-evaluation of the Education Department's philosophy and purpose is made by the administration, faculty, and other correctional officials at least annually to determine if the philosophy and purpose are being fulfilled and if modifications need to be made.

MEMORANDUM

TO: Dr. Jack Tebo

FROM: Nancy Avery NA

DATE: August 3, 1982

RE: DOE's Study of Educational Programs Provided for the State Correctional System

---

At your request, I spoke with several staff members and Representative Sam Bell to ascertain why the specific language relating to Tomoka Correctional Institution was included in a proviso portion of the 1982 Appropriations Bill. It appears that "Tomoka Correctional Facilities" was placed in the language because the Dade County Public Safety Correctional System was mentioned and it was not clear to the subcommittee that Tomoka Correctional Insitution was to be studied by virtue of being a state correctional facility. I believe that it is unnecessary for your committee to do an individual study of Tomoka "as a model for future evaluations of other local correctional facilities."

I am sending one copy of the Oversight Subcommittee's Youthful Offender Report and twenty copies of the portion dealing with education in the youthful offender institutions.

If you have questions or need further materials, please contact me.

Major James W. Reese, Staff Director
433 House Office Building, Tallahassee, Florida 32301 (904) 488-6333
